Veriton 7800

acer
Empowering People

Integrated **dual-core support**

The Veriton 7800 offers you every reason to upgrade your corporate environment. Powered by a choice of single- or dual-core Intel® Pentium® 4 processors and replete with FSB up to 1066 MHz, the Veriton 7800 plows through even the most demanding business tasks with remarkable ease. Dual-channel DDR2 system memory running as high as 667 MHz ensures that information is always available to the processor. This computer boasts a stylish new case and a host of expansion opportunities, in addition to the innovative Acer eManager for Desktops — now imbued with beefed up security features, a friendlier system recovery tool, and the ever-useful Acer eSettings.

Veriton 7800

About Acer
Acer ranks among the world's top five branded PC vendors, designing and marketing easy, dependable IT solutions that empower people to reach their goals and enhance their lives. In 2000, Acer spun-off its manufacturing operation to focus on globally marketing its brand-name products: desktop and mobile PCs, servers and storage, displays, peripherals, and e-business solutions for business, government, education, and home users. Established in 1976, Acer Inc. employs 5,600 people supporting dealers and distributors in more than 100 countries. Revenues in 2004 reached US$7 billion. Please visit **www.acer.com**.
